DETAILED ACTION

Rejection Maintained

1. Claims 2-9 and 11-18 rejected under 35 USC 103(a) as being unpatentable over Casagrande in view of Fischer for reasons of record made in the last Office Action of February 21, 2006.
2. Further, newly presented dependent claims 19-25 have been grouped with the rejection made under 35 USC 103(a) as being unpatentable over Casagrande in view of Fischer in the last Office Action.

Response to Arguments

3. Applicant's arguments filed May 4, 2006 have been fully considered but they are not persuasive.

Applicant argues that Fischer is not properly combinable with Casagrande because Fischer explicitly discloses the undesirability of bridging portions in col. 1, lines 41-45 and thus teaches away from the claims of the present application. This is not deemed to be convincing because Fischer was cited to show that the presence of a cut-out in a business form for rendering the integrated card removable is obvious. The prior art was considered as a whole by the examiner and as explained in the last Office Action, aspect of the business form having integrated card having die-cut periphery is shown by the primary reference of Casagrande and the presence of a cut-out for aiding in removal of the integrated card is shown by the Fischer, and combining Fischer with Casagrande would have been obvious to provide for the cut-out with the integrated card in the business form of Casagrande.

Art Unit: 1772

Regarding the newly presented dependent claims, the presence of die cut extending through all the layers, such as the base, liner and cover layers is shown in Casagrande, figure-2.

For claims 23-25, the step of forming the plurality of die-cuts is shown in Casagrande. Thus, in the absence of any evidence to the contrary, it remains the examiner's position that the claimed invention would have been obvious over the prior art of record discussed above.

Conclusion

4. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

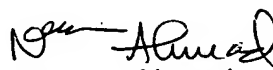

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
